Google Filestream

Anthony Schneider

Google Filestream

- Adds a “G: Drive” to your list of drives
- Allows easy access to files stored in GSuite

Spirion Client

Justin Ellison

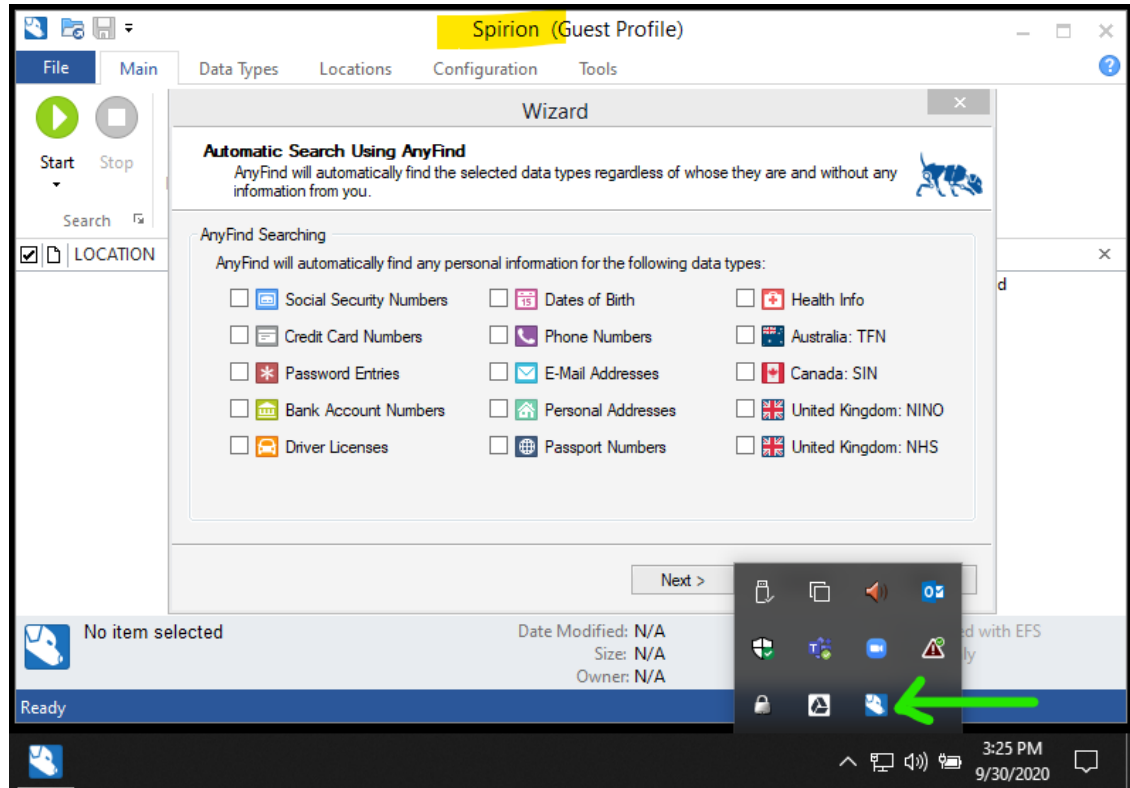

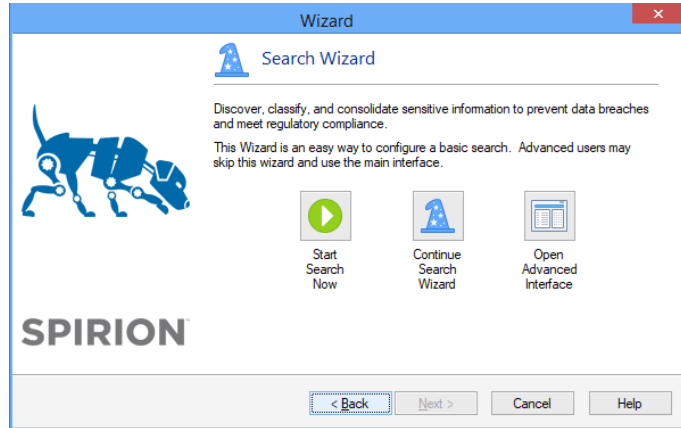

► Spirion Client

Spirion Sensitive Data Manager

- Detects sensitive data (SSNs)
- Data Loss Prevention (DLP) tool required for locations with sensitive/confidential data (FERPA, HIPAA, etc.)
- Installed to DSA Windows 10 devices on Oct. 10th
- Operates in a passive mode, with a weekly scheduled scan every Friday at 4:00pm.
- We've posted [Spirion Info](#) and a video on our website!

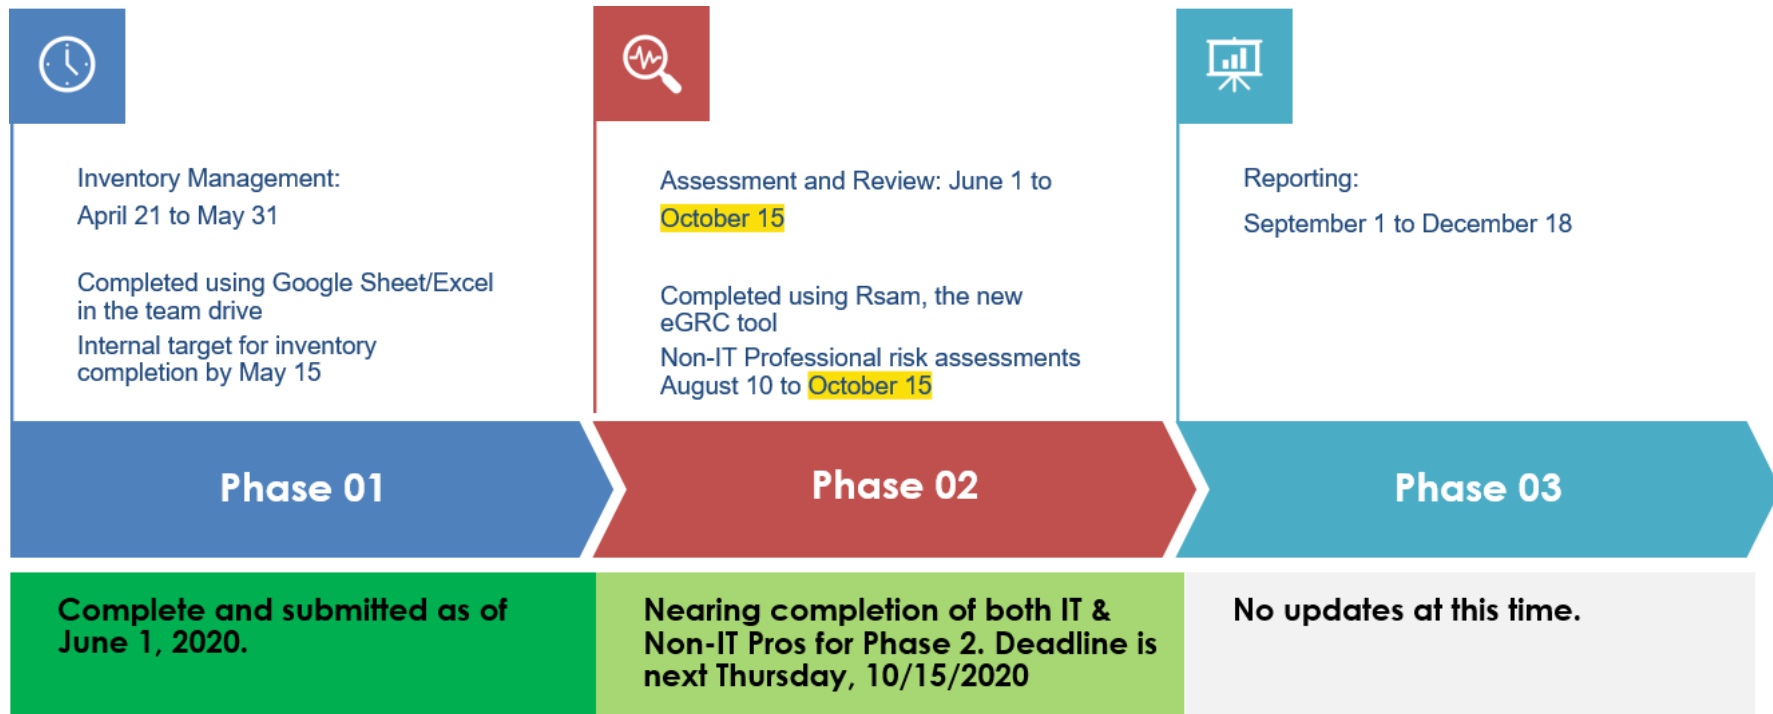

► Spirion Client (cont'd)

Annual IT Security Risk Assessment Update

Justin Ellison
Russell Gatlin

IT Security Risk Assessment Update

Inventory Management - Surplus

Frank Nino

► Inventory Management - Surplus

What the Service Desk Provides

- Removal and disposal of hard drives
- Place old device/s in department's designated area by the caller/inventory manager
- Notify department's inventory manager task has been completed
- With large computer replacements. We will provide the inventory manager an excel spreadsheet from the deployment

The excel spreadsheet will have detailed information on the old and new computer from the deployment. Asset, serial number, location, and user if there is one.

► DoIT Updates

- Intro New Project Manager: Courtnie Ridgway
- Position Updates: Admin, SAll, GAs
- File Transfer Utilities and Data Security
- Provost IT Tableau Charge increases
- October is Cybersecurity Awareness Month
Take the *FREE* [Cybersecurity Primer](#)
