HOWDY!

DSA IT Liaisons Communications Committee
3/2/2021

Agenda

- Welcome
- Microsoft 365 Technical / Business Implications
- Website Accessibility
- Windows 20H2 Updates
- DoIT Updates
- Division Q&A

Office 365 Demo
Anthony Schneider

MS365 Technical / Business Implications

Technical Deployment

- DoIT *can* make MS365 available to all of DSA to install

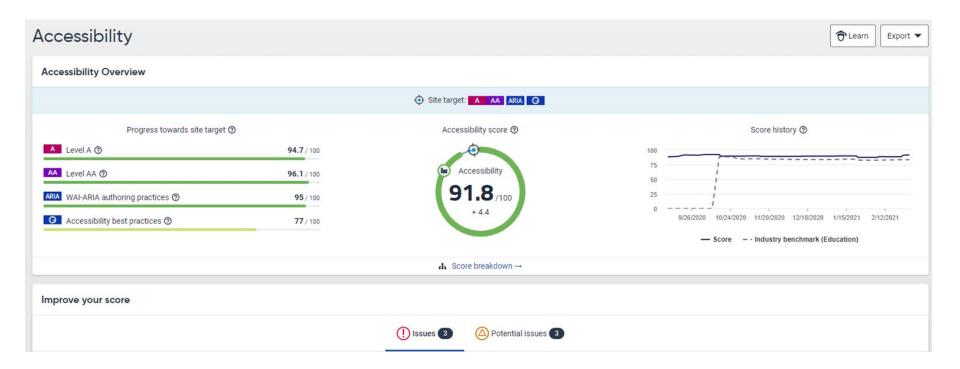

Business Impact

- What is the Business Impact to DSA of rolling this out?
- Implementing MS365 makes an additional storage location available (Sharepoint/OneDrive) - DoIT wants to give inputs to DivIT
- What training needs do Depts have?
- Data Retention/Recovery - Business Continuity? Departing Employees?
- Delegated Management (What access does DoIT have to help DSA?)

Website Compliance
Carl Ivey
Anthony Schneider

Website Accessibility

- Recent Office of Civil Rights inquiry
- DivIT: "Texas A&M websites and web applications are expected to meet the required Accessibility Standards below. These standards are from the W3C's [Web Content Accessibility Guidelines 2.0](#) (WCAG 2.0), Level AA"
- Help with accessibility considerations when developing websites is available from the [IT Accessibility Office](#)
- All Dept websites have been added to SiteImprove - Sites needing a rep:
  - BGCC, Corps, MSC, DMS, MUSA, RecSports, StuAct, SHS, and VRSC
  - Request access to SiteImprove by emailing help@doit.tamu.edu

Site Improve

Website Compliance

- Recent IT Security Assessment: "Is there a process to ensure that individuals with access to post information on publicly accessible information resources are authorized and appropriately trained to do so? Answer: No"
- Who is the Website Point of Contact for your Dept?

DoIT Endeavors:

- Identify who is responsible contact for each Department's website
- Develop Website Manager onboarding and communication process
- Continued standardization of DSA Template, increased compliance

Windows Updates

Justin Ellison

Windows 20H2 Deployments Underway

- Windows 20H2 pushed out on Monday Evenings
- Update will automatically start if PC is offline or not connect at time of scheduled update
- Update will force PC to reboot after completion
- All Division employees can manually install the update at any time after Feb 24 through Software Center
- Please report issues by:
  - Calling the Service Desk at 979-862-7990
  - Emailing help@doit.tamu.edu
  - Using our web form located at: Windows Feature Update Report

Windows 20H2 Rollout Schedule
